Alaska Handy Gold Mining Company. Mr. Jesse S. Moore, Treasurer of the company, located at 230 West 125th Street, New York City, in care of the Chain Furniture Shops, informed us on February 25, 1942, that the stock of this company has no market value at the present time. The company's only assets consist of two undeveloped prospect claims in Alaska. There are, however, heavy liabilities, in view of the fact that this property was under the expense of litigation for more than seven years, and borrowed money for that purpose.

Allentown Trust Company, Allentown, Pa. The Allentown Trust Company was closed on June 17, 1932, and is now in liquidation for the benefit of depositors and shareholders after depositors have been paid in full. To date distributions to depositors have been made to the extent of 36% of the total deposits and, while it is impossible for us at this time to know how much will be realized in the future on unliquidated assets, we question whether any distributions will ever be made to shareholders, since only 36% of 100% has been made to date to depositors (8-5-1940).

Wright, Long & Company, accountants, located at 11 Broadway, New York City, informed us on April 9, 1940, that the American Enameled Brick Corporation, successor to the above, ceased to do business during the year 1934 as a result of foreclosure proceedings instituted against it. The property was taken over by the mortgagees. No assets were left for unsecured creditors or stockholders in the final liquidation of the company. The company was dissolved early in 1935. The mortgagees formed a company known as the South River Factory Corporation to which company they transferred the property acquired. The insurance money received was short of meeting the debt owing to the mortgagees.

American National Bank, Nashville, Tenn. Reports the following:

SHARES IN THE SOUTH, Inc., was placed in the hands of trustees under date of June 30, 1933, and Mr. V. J. Alexander, and Mr. Parkes Armistead were elected Trustees. As you no doubt know a liquidating dividend of $1.00 per share was declared May 5, 1932 and a liquidating dividend of $5.00 per share was declared December 30, 1933. We presume that your client has received these dividends. There is very little likelihood that another liquidating dividend will be paid, as most of the assets of the Company were liquidated to pay the other dividends. The charter has been surrendered and the Company will no doubt be finally liquidated when Mr. Armistead is able to return to his desk.

American Seed & Seedtape Company	6

American Seeding Machine Co. We received the following letter from John M. Cole, of Cole and Hodge, attorneys, located at Springfield, Ohio, dated Feb. 17, 1939: "Answering yours of Feb. 14th, we have to advise that exchanges of American Seeding Machine Company stock for shares of the Oliver Farm Equipment Company, on the occasion of the 1929 merger, were handled by Central Trust Co., of Cincinnati, Ohio. However, with regard to American Seeding Machine Company preferred stock, it was all duly exchanged by consent of holders for an equivalent amount of the then Oliver Convertible Participating Stock, except as to shares of certain dissenting stockholders, who litigated throughout all the courts, including the Supreme Court of Ohio, to get part cash and accruals for their shares; and they won. The result of this litigation is that the Ohio Supreme Court made an order upon our Company to sell all the remaining Oliver shares in our treasury, and theretofore held as allocable to exchange with American Seeding Machine Company common shares, for the purpose of paying off the dissenting preferred shareholders under this order. The result of this is that because of such court order there will be no transfer or distribution on account of the outstanding common shares of our company."

American Telegraphone Company. Millan & Smith, Attorneys, located at 900 F St., N. W., Washington, D. C., informed us as follows on May 4, 1940: "Mr. W. W. Millan, the former receiver, died on Sept. 23, 1937. When he took over the assets of the company, it was in debt. Its assets consisted of a small factory in Springfield, Mass., opened originally, the writer supposes, to manufacture telegraphones. That business was not successful and the plant took up the manufacture of universal joints. Mr. Millan got the company out of debt and at the time of his death he had some cash on deposit in one of the banks in this city. The plant in Springfield was sold something like three years ago under Court order. The assets of the bankrupt corporation now consist of approximately $55,000 in cash. On Dec. 7, 1938, Arthur C. Elgin of this firm was appointed substitute receiver. It is my opinion that the stock has no value. There are over 17,000 stockholders. The case has been in Court for many years and the expenses will probably absorb most of the cash."

Anderson Griffin Properties, Inc. Roy S. Cameron, P. O. Box 396, Evansville, Indiana, informed us as follows on May 24, 1941: I wish to acknowledge receipt of your letter of recent date, in regard to the liquidating of the Estate of Mrs. A. B. Fichter. I wish to advise you that the Anderson Griffin Properties, Inc. has drilled two dry holes. However I would advise that you hold on to the stock, as there has been a well drilled about a mile North of a point halfway between these two dry holes of the Anderson Griffin Properties, and from my understanding is making around 200 barrels a day. Therefore future developments might bring some of the Anderson Griffin Properties into production. The Illinois-Indiana Basin Oil Corporation is now making their plans to start the second well in Gibson County, Illinois, and I will be very happy to keep you advised as to the developments of the well if you so desire.

Annisquam Yacht Club. Mr. Frederick Manley Ives of the firm of Johnson, Clapp, Ives & Knight, 50 State Street, Boston, Mass., reported as follows on April 13, 1942: The present Annisquam Yacht Club is a new corporation which has no captial stock and was the result of a reorganization of the old Annisquam Yacht Club, the stock of which Miss Gertrude Whittemore owned three shares. The corporation was dissolved in 1940 by action of the directors and stockholders and by the Supreme Court in 1941 on the petition of the Commissioner of Corporations and Taxation. In the reorganization the stockholders got nothing. I held a few shares and was allowed a taxable loss thereon in my federal income tax return for the year 1940.

Army & Navy Country Club (Florida). C. L. Bean, Acting Secy., located at Fort George, Fla., informed us as follows on Sept. 30, 1941:

Mr. Victor Blue, our Secretary, is serving as an ensign in the Navy on a ship based at San Juan. It is difficult to get in touch with him. I am trying to take his place while he is away. What I have to write you is, therefore, not entirely authoritative but is in line with such information as I have.

In 1926 the Army and Navy Country Club became Fort George Club under a new charter with the consent of the members of the old Club.

What your client holds is undoubtedly a non-negotiable note of the A. and N. C. Club. These notes were considered as an initiation fee into the new Club and the only obligation the Fort George Club assumes with regard to them was the proviso that if the property owned by the Club was ever sold, they would receive some consideration in the disposition of the proceeds. The Fort George Club is still a going concern and the prospect of a sale of its property is rather remote.

Associated Service Corporation. Value of 1 and 4/10ths shares of capital stock par value $100. No State of incorporation appears on the certificate. I searched our library and stock records back to 1919 and found no record of this company's operations nor any value to the stock. It is my opinion that the shares were worthless as of Jan. 22, 1940, the date of the decedent's death.

Atchison, Colorado & Pacific Railroad. Interest was defaulted on the 1st 6% Bonds in May, 1894. The property was foreclosed in 1898 and was reorganized under the same name. On Sept. 17, 1898, it was reported that the 1st Mortgage Bonds should have been presented to Hiram P. Dillon, Special Master, Topeka, Kan., for the pro rata share. Any unclaimed funds were probably turned into the U. S. District Court at Topeka, Kan. The U. S. District Court at Topeka, reported in Dec., 1941. "There is no money on deposit for payment in this case." The securities apparently were all paid.

Atlas Corporation (prior to October 31, 1936). Consolidated with others to form the present Atlas Corporation on Oct. 31, 1936:

CONSOLIDATION OF OCTOBER 31, 1936 TERMS OF EXCHANGE AND PRESENT STATUS OF STOCK OF ATLAS CORPORATION (OLD)

On Oct. 31, 1936, the old Atlas Corporation, The Goldman Sachs Trading Corporation (later known as Pacific Eastern Corporation), Shenandoah Corporation and Sterling Securities Corporation were consolidated to form the present Atlas Corporation. The terms of exchange for stock of the old Atlas Corporation are as follows:

For each share of $3 Preference Stock, Series A—one share of 6% Preferred Stock of the present Atlas Corporation (share for share).

For each share of Common Stock—one share of Common Stock of the present Atlas Corporation (share for share).

DIVIDENDS

Dividends on full shares of the present Atlas Corporation now represent a substantial amount per share. These dividends are payable after exchange of stock to the **record** owner on the various record dates.

On the **Preferred** Stock, quarterly dividends of 75c per share on Dec. 1, Mar. 1, June 1 and Sept. 1 of each year ($3 per year) have been declared regularly since the consolidation. Thus at Oct. 31, 1941, they amount to $15 per share.

On the **Common** Stock, two dividends of 40c each were declared in 1937 and since then two dividends of 25c each have been declared each year. Thus at Oct. 31, 1941, they amount to $2.80 per share.

Please note that these dividends are payable: only **after deposit** of the old certificates for exchange (or sale, as hereafter noted); only to **record owners** of the certificates of the old consolidated companies unless the depositor furnishes proof of endorsement by the record owner prior to the record date of any dividends he claims, or provides a dividend order (covering such claimed dividends) from such record owner.

PURCHASE OF STOCK OF CONSOLIDATED COMPANIES

The present Atlas Corporation will, as a convenience to holders of certificates of the old consolidated companies, purchase such certificates at a price based on the market value of new Atlas Preferred or Common at the closing prices on the New York Stock Exchange on the day such certificates are received in good delivery form (i.e., endorsed with signature guaranteed by a qualified bank or brokerage firm). Dividends will be paid separately shortly after the completion of the purchase in accordance with the conditions set forth in the dividend paragraph above.

Atlas Corporation, One Exchange Pl., Jersey City, N. J. Informed us on Nov. 27, 1941, that they hold unclaimed liquidating dividends on the following securities, which should be presented to them for collection.

Atlas Oil Company. Value of Certificate, dated Dec. 28, 1920. The certificates were signed by Frank E. Doherty as President and Frank V. Burns as Secretary. We searched our oil books back to 1920 and found no record of this company's operations. We also searched the oil personnel in the Petroleum Register and found no record of these men. It is our opinion that this company failed to strike oil or was not properly financed and went out of business many years ago. We consulted our stock books back to 1920 and found no market for the stock at any price at any time near 1920 or 1921. The shares in our opinion have no value.

Avoca, Incorporated. Incorporated in Louisiana on Oct. 24, 1931, and is located at P. O. Box 1260, New Orleans, La. Mr. Charles W. Fox, President of the company, informed us as follows on Dec. 16, 1940: "We have for acknowledgment your letter of the 12th, and in reply would say that the company is still in existence and for your information I would advise that the company was formed some years ago and is a holding company for certain real estate in St. Mary Parish, near Morgan City, La., which is about 100 miles west of New Orleans. At the time the company was formed, there was an outstanding Drainage Bond Issue which had defaulted and the real estate had been transferred through a receiver sale. Some time after the sale, the land owners and the Committee for the Drainage Bond issue conferred and it was decided that the Committee would surrender the land, and form Avoca, Incorporated. The bondholders received for their holdings one share of Mineral Liquidation Stock with a par value of not more than $500 and one share of common stock with no par value, land owners accepting common stock for their holdings. In addition to the Mineral Liquidation and Common Stock, there is a small issue of Preference Liquidation Stock of 225 shares with a par value of $100. This stock was issued to the Bondholders Committee in return for certain expenses they had incurred and as the stock indicates the first returns from Minerals will be given to the Preference Liquidation Stock for the amount of the issue, viz. $22,500. Then the ex-Drainage bondholders will next participate until all of the Mineral Liquidation Stock is paid in full and the common stockholders will participate after the Mineral Liquidation Stock has been liquidated. The holdings of the company comprise about 16,000 acres of land, the greater part of which is overflow land. Up to the present time there has been very little agricultural pursuits carried on. The present land in cultivation comprises about 500 acres planted in rice. In addition there is a mineral lease outstanding, held by one of the major oil companies, and they have until the early part of the coming year to make a geophysical survey and to decide whether they will renew the lease, or commence drilling. There is also a hunting and shooting lease outstanding, the returns from which are a little more than enough to take care of taxes. Our principal hope for the future is from oil production. The company is operated without any expense other than attorneys' fees and taxes, the officers and directors serving without any remuneration whatsoever. The stock is not listed and, as far as I know, there is no market for it."

Oct. 1, 1903, a like proceeding was instituted by New York Security and Trust Co. The two foreclosure suits were consolidated. A final decree was entered Dec. 3, 1906, under which I believe the bonds received $42.49 from the proceeds of the sale of the property in this district."

The Bankers Trust Co. informed us as follows on Aug. 18, 1937: "Receipt is acknowledged of your letter of Aug. 16, 1937, relative to securities of United States Shipbuilding Company. A circular dated Feb. 4, 1904, to holders of Certificates of Deposit for bonds of this company indicates that there were two classes of bonds: (1) 20-year 5% Collateral Mortgage Bonds, known as 'Bethlehem Collateral Bonds'; (2) First Mortgage 5% Sinking Fund Gold Bonds Series 'A', dated 1902, due July 1, 1932, issued under First Mortgage of United States Shipbuilding Company, dated Aug. 11, 1902, to Mercantile Trust Company, Trustee.

"We are successor by merger to the Mercantile Trust Company. It appears from this circular that only the above bonds and general claims were entitled to participation under the terms of the Plan and Agreement of Reorganization, dated May 25, 1903. The Committee under this Plan was composed of George R. Sheldon, Chairman; Charles S. Fairchild, John E. Borne, Pliny Fish and Charles W. Wetmore; the City Trust Company of New York was Depositary. The new company formed was Bethlehem Steel Corporation (New Jersey), which was until 1936, the time of its merger with Bethlehem Steel Corp. (Delaware), the holding company for the latter mentioned operating company. In respect to the First Mortgage Bonds, a bill in foreclosure was filed in the United States Circuit Court for the District of New Jersey on July 30, 1903, to cover all properties except those in Delaware and on Aug. 8, 1903, a bill in foreclosure was filed in the United States Circuit Court for the District of Delaware asking foreclosure of Delaware assets. After these foreclosure sales, a deficiency judgment was entered on behalf of the Trustees on April 13, 1905, in the United States Circuit Court for the

District of New Jersey. The proceeds were finally ordered paid on presentation of undeposited First Mortgage Bonds as follows:

I. $167.23 per $1,000 bond with July 1, 1903, and subsequent coupons attached less $3.91 per each missing coupon, by the Clerk of the United States Circuit Court for the District of New Jersey, Trenton, N. J., by order of April 22, 1907 (New Jersey foreclosure).

II. $53.35 per $1,000 bond with July 1, 1903, and subsequent coupons attached, by the Clerk of the United States Circuit Court for the District of Delaware, Wilmington, Del., by decree filed Dec. 3, 1906 (Delaware foreclosure).

III. $45.62 per $1,000 bond with July 1, 1903, and subsequent coupons attached less $1.08 per Jan. 1, 1904, or July 1, 1904, coupons missing by Mercantile Trust Company, Trustee, under orders of April 30, 1905, and April 22, 1907 (deficiency judgment).

"We hold funds for the payment of the distribution III noted above. We have no record as to the Trustee of the Collateral Bonds. These may have been junior securities and hence undeposited bonds may not be entitled to distribution. It would appear from the above that securities junior to these issues are without value at the present time."

WABASH, PITTSBURGH TERMINAL RAILWAY CO. The First Mortgage 4% Bonds due June 1, 1954, with 6/1/1905 and subsequent coupons attached, have a decree value of $12.65 per $1,000 unstamped bond plus $2.07 for coupons. The Bankers Trust Company, New York City, paid $4.61 per $1,000 bond, and the United States District Court at Pittsburgh, Pa., made the other payment of $8.04. The Second Mortgage 4% Bonds received $1.00 per $1,000 bond from the Chase National Bank, New York City.

THE WILLYS-OVERLAND COMPANY. Scrip certificates for fractional shares of Common Stock Scrip redeemable at Bankers Trust Company.

ZANESVILLE & OHIO RIVER CO. The First Mortgage 6% Bonds due 1916 have a decree value of $61.63 per $1,000 bond. Collect on unstamped bonds from the Bankers Trust Company, New York City.

Batopilas Leasing Corporation. Incorporated in New York on April 23, 1925, and changed its name to Batopilas Corporation on June 28, 1933. Mr. E. W. A. Jorgensen, President of the company, located at 85 Decatur Street, Brooklyn, N. Y., informed us as follows on November 1, 1941: "The corporation is, and has been faced with a serious problem arising from the unpaid taxes on its leased properties which have not been operated for many years owing to the lack of working capital. As a consequence it has not been doing any business whatever. The stock has no market, and in the light of the foregoing, its value can neither be estimated nor appraised."

According to the letter head, the Batopilas Mining Company owns mines at Batopilas, State of Chihuahua, Mexico. Apparently the bondholders of the Batopilas Mining Company own the property, which is leased to the Batopilas Corporation.

Black Gold Petroleum Company, Helena, Mont. Incorporated in Mont. The company informed us as follows on April 24, 1940: "We are in receipt of your recent letter making inquiry as to the present status of the Black Gold Petroleum Co. and Liquid Gold Oil Company. The Black Gold Petroleum Co. is still a going concern. It has a small oil well and a gas well for drilling, water camp, rig, etc., and land under lease. The taxes are paid, and the company is in good condition. This spring it leased some of the property for drilling activity. We are watching the developments to see if the lessee gets any action. The oil well has always had small production and to date has never paid a dividend, but in that the little well has produced since it was drilled in around 1928, we draw from that that we must be on oil structure. Only drilling of wells can prove what we have there. The enterprise is, of course, a speculation. The Liquid Gold Company went by the boards. It drilled a dry hole, had a fire and a lot of bad luck, has never done anything since, and the prospects for it are very poor. These properties are located in Northern Montana, in the Sweet Grass Hills Oil Field, just south of West Butte, about 6 miles south of the Canadian border. You can find this Butte on any well defined Montana map. First find Shelby, on the Great Northern Railway, where Dempsey fought Gibbons, then run your finger northeast toward the Canadian border on the map and you will find West Butte. The oil district is known as the Sunburst-Kevin Oil Fields."

Black Gold Petroleum Co. The State of Montana informed us as follows on April 10, 1940: "According to the records of this office, Black Gold Petroleum Co. is still in existence as a corporation of the State of Montana. The report filed in this office by this corporation for the year ended Dec. 31, 1939, lists the following officers: Pres., Paul W. Smith; V-Pres., R. A. Davidson; V.-Pres., David R. Smith; Secy.-Treas., J. Miller Smith, all of Helena, Mont."

Bohemia Mines, Ltd. Incorporated in Nevada on Feb. 7, 1931, and lost its charter in March, 1934. The resident agent was Nevada Corporation Agency Co., Reno, Nevada. A letter addressed to the agent was not answered nor returned. We searched our mining records and found no record of this company's operations. The shares in our opinion are worthless.	
Bohemia Mining Co. Paid stockholders a liquidating dividend of $2.10 per share. Company was last located at 85 Devonshire St., Boston, Mass.

Brander Company (The). Incorporated in New York and is located at 122 West 42nd St., New York City, in care of T. W. Brander. Mr. Brander informed us on April 5, 1940, that the company is doing about $200 worth of business per month, but it is not sufficient to show a profit. Until sufficient financing is received, the stock will only have a problematical value. The shares have no value at this time, nor on Dec. 10, 1939.

Brewster Color Pictures Corp. Incorporated in Del. and is located at Dover, Del. According to our

Vol.

records, Mr. P. D. Brewster tried to purchase all of the stock or controlling stock of the company in his offer of April 8, 1937, for $15 per share for the preferred and $1.00 per share for the common. This plan having been unsuccessful, the company on May 26, 1939, attempted to get the stockholders to agree to join with the Brewster Color Film Corp. and the Spectro-Photo, Inc., both New Jersey corporations, on the following basis: a new company is to be formed and its capital stock would be distributed to the three companies on the following basis: Spectro-Photo, Inc., 75 credits; Brewster Color Film Corp., 17½ credits; Brewster Color Pictures Corp., 17½ credits; Expenses, 10 credits. The company does not tell the stockholders anything about the financial status of these companies but asks them to agree blindly to something they know nothing about. According to a letter we hold from the Brewster Color Film Corp., dated Sept. 8, 1930, signed by P. D. Brewster, the "Brewster Color Pictures Corp. is now a patent-holding corporation and will this year receive royalties on film manufactured under their patents. In the writer's opinion, dividends will be paid on the preferred stock." We have written the company and called Mr. Arthur J. McBride on the telephone and cannot get any information regarding the company. Under the circumstances, we suggest your ascertaining whether the other corporations have any assets at all and what royalties have been received to date. Brewster Color Pictures Corp., 58 First St., Newark, N. J.; also c/o N. S. Corp. Co., 19 Dover Green, Dover, Wil.; Charles W. Fletcher, John F. Evans, Percy L. Practor, 500 Frelinghuysen Ave., Newark, N. J.; Arthur J. McBride, 60 E. 42nd St., New York City.

British Type Investors, Inc. (Press report, April 10, 1941.) (By Associated Press.) Newark, April 10.—Two stockholders applied today in Chancery Court for appointment of a Receiver for the British Type Investors, Inc., charging that assets of the firm have dropped to $268,710, 10% of what they were 4 years ago. Vice Chancellor John O. Bigelow directed the company, which has main offices in Jersey City, to show cause on April 22 why a Receiver should not be appointed, and enjoined the directors from moving assets except in the ordinary course of business. The complainants, Isidore Stein of Newark, and Francis T. White of Boston, each holder of 100 shares, said they paid $23 a share for which the bid price today was 8 cents. They contended in their petition that the firm officials paid themselves excessive salaries, bonuses and other compensation and charged the directors with "diversion of corporate funds for improper uses, purchase of property for non-corporate uses, and maintenance of personal services for corporate officers as well as payments of dividends out of capital and making unlawful investments." The complaints asserted that the directors caused British Type to purchase control of Scottish Type Investors, Inc., Empire American Securities Corp., and Allied Investing Corp., three investment concerns; and Majestic Radio and Television Corp., for the purpose of having themselves elected officers and directors of the four companies at "grossly excessive salaries."

Broad River Granite Corp. Incorporated in Georgia and according to Mr. Samuel Nesbitt Evins, attorney, located at Atlanta, Ga., the bond issue of the company was foreclosed and the property passed into other hands. We found no funds for the coupons with the Citizens & Southern National Bank at Atlanta, Ga., successors to the Hillyer Trust Co. and the Atlanta Trust Co. and also the Central Bank & Trust Co. According to the Citizens & Southern National Bank, only $200 was deposited with them for the purpose of paying at par Bonds No. 118 and No. 119 for $100 each in 1924. We notice that your coupons were taken from Bonds No. 117 and No. 118. Apparently no provision was made for your coupons when the property was sold under foreclosure. In view of the above we believe the stock and coupons are without value.

Broadway Realization Corporation, 149 Broadway, New York City. This company as successor to the Chatham Phenix Corporation, informed us as follows on Sept. 30, 1941: In acknowledgment of your favor of the 26th, we wish to advise that this corporation (formerly Chatham Phenix Corporation) is gradually liquidating its assets and liabilities. As you propably know, this corporation is the former investment affiliate of the Chatham Phenix National Bank & Trust Company and discontinued the active operation of its business some years ago. While we do not deal in the Certificates of Beneficial Interest, we understand that they are nominally quoted in the over-the-counter market 2½c bid, offered at 3c, and, in the opinion of the writer, based on current market quotations, the liquidating value of the certificates does not exceed the above mentioned bid price.

Bryant Park Bank, N. Y. This bank is in liquidation and has paid liquidating dividends amounting to $15 per share. These payments were made before Mar. 5, 1934, and we understand that Louis Marcus has received his pro rata share. Mr. Ruben of Ruben & Brown, 291 Broadway, New York City, informed us that the bank expects to pay about $1.00 per share as a final liquidating dividend. Therefore, we submit $1.00 per share as fair as of Mar. 5, 1934.

Burgemeister Brewing Company. We received the following letter from Wm. R. Stuart & Company, 135 S. La Salle St., Chicago, Ill., dated Feb. 9, 1939: "Your letter of Feb. 3rd addressed to the Warsaw Brewing Corporation, Warsaw, Ill., has been referred to us. At the time the Federal District Court authorized the sale of the unexchanged Burgemeister Brewing Company stock, the price named in such authorization was 50 cents per share, and the stock was sold at this price. The Court further authorized the following deductions: Tax, $.04; expenses of depositary, $.06; depositary fee, $.20; total, $.30. This leaves a balance of 20 cents per share available to stockholders who did not exchange their stock within the time limit which was some time during Mar., 1936. Therefore, upon the surrender of the certificate for 200 shares of Burgemeister Brewing Company stock held by the Boswell Estate, together with the proper certificates showing authorization of the proper indorsement of the certificate, there will be available the sum of 20 cents per share. If you will forward the certificate with the proper papers attached to us, we will be glad to remit at the rate of 20 cents per share."

Cairo & Vincennes Railroad. Property foreclosed and was bought by the Trustees of the First Mortgage for $2,000,000. The sale price of the road, being less than the amount of the first mortgage, did not afford any payment or recognition of subsequent claims. In 1880 it was reported by J. S. Morgan & Co., now J. P. Morgan &

Co., that the First Mortgage bondholders could claim their pro rata share of the sale price upon surrender of their bonds. Those that deposited their bonds received dollar for dollar in common stock of a new company, which was subsequently exchanged for common stock of the Wabash, St. Louis & Pacific Railway Company. This latter road was subsequently consolidated into the Wabash Railroad. Not confirmed.

Calamba Sugar Estate. (Press Report 2/3/42.) Payments Ended by War. Buyer of Calamba Sugar Estate Acts Under Force Majeure Clause. The New York Curb Exchange has been advised by Calamba Sugar Estate that "because of war conditions and the bombing of the estate's property in the Philippines the purchaser has taken refuge in the force majeure clause of his contract for the purchase of Calamba Sugar Estate's properties and did not make the payment due on Jan. 2, 1942.

"Under the circumstances and because of war conditions, no further disbursements in liquidation are contemplated until the situation has at least partially cleared up," the advice said.

Sale of the estate's property to Vincente Madrigal was made July 11, 1941, and a plan of liquidation was approved Dec. 11, 1941. A dividend of $4 a share was paid Dec. 24 to stockholders of record on Dec. 16.

INTERNATIONAL POULTRY SALES CO. We received the following letter from the Camden Safe Deposit & Trust Co., Camden, N. J., signed by Mr. Henry R. Fredericks, Asst. Vice Pres., and dated Dec. 10, 1937: "Acknowledgment is made

Camden Trust Co. (cont.) of your letter of Dec. 8, 1937, informing us that your client is the holder of one or more International Poultry Sales Company First Mortgage 6% Gold Bonds payable Jan. 1, 1935. For your information, the mortgage under which these bonds were issued and secured was foreclosed several years ago and the property sold, the amount realized from the foreclosure sale representing only 2.8% of the face value of the bonds. At the time of the foreclosure there were three methods of paying the bondholders their proportionate shares realized. 1. The bondholders who originally filed their claims with the Receiver were to receive their proportionate share from him. 2. Others who deposited their bonds with the Bondholders' Protective Committee, the depositary for which was the Lincoln Trust Co., Scranton, Pa., were to be paid through this source. 3. There were also deposited with the Camden Safe Deposit & Trust Co. as Trustee for the bondholders 2.8% of the amount of each outstanding bond, which had not been filed with the Receiver or deposited with the Bondholders' Protective Committee. If you will give us the numbers of the bonds which your client holds it will enable us to determine which method of payment of the bonds."

TACONY-PALMYRA BRIDGE COMPANY. The Camden Safe Deposit & Trust Company of Camden, N. J., holds certain funds for distribution on the 7% Debenture Bonds due Dec. 1, 1952, which were called on June 1, 1936, at 105 and accrued interest.

Cape Breton Coal, Iron & Railway Co., Ltd. First Mortgage 6% Bonds due July 1, 1941. Burchell, Smith, Parker & Fogo, Barristers, Chronicle Bldg., Halifax, Nova Scotia, reported as follows on May 2, 1941: "The Mortgage or Trust Deed securing the bonds of the above company was foreclosed and all the assets of the company covered thereby were sold under the Order of the Supreme Court of Nova Scotia in the year 1929. The purchase price was $25,000. The purchaser at the Sheriff's Sale was Mr. William Hanson, who nominated Broughton Collieries, Limited, to receive the conveyance of the property. The purchase price was paid partly in cash and partly by delivery of bonds. The Trustee had substantial disbursements, costs and outlays and the amount for distribution among the bondholders whose bonds had not been used in payment of the purchase price only amount to the sum of $284.19. Accordingly, each holder of bonds not used in payment of which, according to our records, there were 165 bonds of £100 each, was entitled to receive for his bond and all unpaid coupons, the sum of approximately $1.70 for each bond and unpaid coupons, which we think comprised July 1st, 1915, and all subsequent coupons. The Electric and General Investment Company, Limited, of Falcon House, Aldergate St., London, E. C. 1, was the Trustee under the Mortgage or Trust Deed of the above company and no doubt if you will write to them they will advise you as to the sum, if any, which would be payable upon surrender of the bonds in question."

Capital Freehold Land Trust. Capital Freehold Land & Investment Co., Ltd. Release by Federal Trade Commission in 1933. Capital Freehold Land Trust: (2-495), Chicago (Arthur L. Farwell, Robert G. McGann, and Albert D. Farwell, Trustees), proposing to issue shares of beneficial interest in a common law Trust or Massachusetts Trust pursuant to a plan of readjustment or reorganization of a trust created by Trust Deed dated June 4, 1915, between Capital Freehold Land & Investment Co., Ltd., and Francis C. Farwell, Hobart C. Chatfield-Taylor, and George Findlay. The

Vol.

reorganization is being supervised by a court and the date of the proposed issuance and distribution of shares is dependent upon court action. The number of shares to be issued will depend upon the decision of the court supervising the reorganization. If the court decides that the Trustees have the right to transfer all assets of the Trust Estate to the issuer for all shares to be issued by the issuer, 176,793 shares will be issued. If, however, the court determines that holders of certificates issued under the deed of 1915, who do not consent to take shares of the issuer are entitled to cash, the number of shares to be issued will be equal to the number of parts evidenced by participation certificates issued under the trust deed of 1915. The Trustees, whose address is 208 S. La Salle St., Chicago, Ill., are authorized to receive notices. The Better Business Bureau of Chicago called Mr. Robert G. McGann on the telephone and Mr. McGann prefers not to divulge any information unless he knows who requests it. The Better Business Bureau will consult the reorganization plan and notify us of the results. In the meantime we suggest the registered holder to write to Mr. McGann, and then notify us if he does not receive an answer.

Chancery Court, Trenton, New Jersey. Holds unclaimed funds for undeposited securities of the following companies:

BELLE MEAD DEVELOPMENT COMPANY, a Delaware corporation, located at 162-09 7th Ave., Whitestone, N. Y. Jersey City, June 25—The Borough of Rutherford June 24 was granted permission by Vice Chancellor Charles M. Egan to deposit $4,600 in Chancery Court to be distributed to claimants in connection with the borough's acquisition of an ash dumping site. Last year the Mayor and Council by ordinance voted to acquire unimproved low lands from the Belle Mead Development Company, a Delaware corporation, with an office at 162-09 7th Ave., Whitestone, N. Y. Condemnation commissioners were appointed in the State Supreme Court upon application of the borough and the commissioners eventually decided the land sought was worth $4,600. The borough was prepared to pay the money but it is uncertain as to whom it should be paid because the corporation is outside New Jersey and the property involved is encumbered by two mortgages and a right of way agreement. The court was asked to take over the money and pay it out when claims to the money are properly established in Chancery Court. Vice Chancellor Egan directed the borough to notify claimants or any other interested parties that the money has been deposited in court for distribution. Oliver T. Somerville appeared as attorney for the borough. The Chancery Court referred to is located at Trenton, N. J.

CENTRAL NEW JERSEY LAND & IMPROVEMENT CO. (N. J.). Stock has a liquidating value of $3.50 per share. Present stock to Chancery Court, Trenton, N. J. for collection.

KOLSTER RADIO CORPORATION (Common and Preferred Stock). Preferred stockholders received a cash distribution out of the net proceeds of the sale of the properties at the rate of $2.42 per share distributable by the Clerk of Chancery Court, Trenton, New Jersey. Common stock worthless.

PUBLIC PRINTERS, INC. (New Jersey). We understand this stock has a liquidating value. Information may be obtained from the Chancery Court, Trenton, N. J.

STANDARD COUPLER CO. (N. J.). Dissolved 1938. First liquidating dividend of $10 per share was paid on preferred stock on Mar. 10, 1939. A second dividend is expected. No equity remained for the common stock which is worthless. All unclaimed dividends will be paid into the Court of Chancery of the State of New Jersey, Trenton, N. J.

Vol.

Chancery Court, Wilmington, Del. Confirmed the following to us on Jan. 5, 1942:

ART CINEMA CO (Del.) Liquidating dividends due on stock that has not been presented for collection, are on deposit with the Chancery Court, Wilmington, Del.

COMMONWEALTH HOTEL CONSTRUCTION CORPORATION. The preferred and common stocks have a liquidating value of $100 and $19.43 per share, respectively. Notice—Undersize stock certificates, that is, smaller than the usual certificates, were illegally issued and have no value. The good certificates are larger than the ordinary certificates. C/D for stock issued by the Mount Vernon Trust Company, Mount Vernon, N. Y., should be presented to the Mount Vernon Trust Company for payment, and will receive 55% in cash; 33¾% in Certificates of Beneficial Interest Cfts. of the bank, and 11¼% in the bank's stock. The actual stock certificates should be presented for payment to the Court of Chancery, Wilmington, Del.

CONSOLIDATED PROGRESSIVE OIL CORPORATION (Del.) Stock has a liquidating value. Unclaimed funds are on deposit with the Chancery Court, Wilmington, Del.

At the time the Receiver was discharged no stockholders' list was filed and therefore, although certain amount of money was deposited into Court the amount was negligible in ratio to outstanding stock and cannot now ascertain value of each share or who is entitled to such.

OKLAHOMA PRODUCING & REFINING COMPANY. We received the following letter from the Pure Oil Company, 35 East Wacker Drive, Chicago, Ill., dated Sept. 23, 1938, and signed by Arlington C. Harvey, Counsel: "In reply to your letter of Sept. 16th, we wish to advise that there were two Oklahoma Producing & Refining Companies. One was Oklahoma Producing & Refining Company, a Delaware corporation, and the other was Oklahoma Producing & Refining Corporation of America, a Maryland corporation. Please note carefully the difference in names. In Feb., 1920, Oklahoma Producing & Refining Company was dissolved and for each share in the company there was distributed 1¼ shares in Oklahoma Producing & Refining Corporation, and $2.30 in cash. The Pure Oil Company had nothing whatever to do with this matter. In 1923 and 1924, ten shares of Oklahoma Producing & Refining Corporation were exchanged for one share of Pure Oil common, but there was no cash payment in connection with this and the matter was not in court in any way. At the time of the dissolution of Oklahoma Producing & Refining Company in Feb., 1920, approximately $400,000 was retained by the liquidating directors to cover taxes, etc., and later James M. Satterfield was appointed Receiver. His attorney was J. I. Boyce, 3063 DuPont Bldg., Wilmington, Del. I understand that when the Receiver filed his final account, there was about $300,000 in the hands of the Court and that since that time about $100,000 has been distributed. I understand that there is about $200,000 on deposit with the Chancellor of the

Chancery Court, Wilmington, Del. (cont.)

State of Delaware, Dover, Del., and that you should write to him with respect to obtaining further distribution. Also, please note that The Pure Oil Company had nothing whatever to do with the dissolution of Oklahoma Producing & Refining Company in Feb., 1920. In 1928, The Pure Oil Company received 9½ cents per share on all the stock that we owned in Oklahoma Producing & Refining Company, and we supposed that distribution was made to each shareholder. The Exchange of 1920 between Oklahoma Producing & Refining Company and Oklahoma Producing & Refining Corporation shares was handled by the Guaranty Trust Company, 140 Broadway, New York City. The stock of Oklahoma Producing & Refining Company which was turned in in the exchange of 1920, is either in the possession of Guaranty Trust Company or the Bankers Trust Company. We have the stock of Oklahoma Producing & Refining Corporation which was exchanged for Pure Oil common in 1923 and 1924."

OKLAHOMA PRODUCING & REFINING COMPANY. Any unclaimed funds for stock are held by the Court of Chancery, Wilmington, Del. Final distributive dividend being made at $.1188 per share.

PACIFIC OIL COMPANY. The Industrial Trust Company, Wilmington, Del., informed us on May 18, 1937, that the following dividends were paid on each share of stock: Mar., 1926—⅔ share Associated Oil Co., and $3.00 cash; May, 1926—1 share Standard Oil Co., of Calif.; Aug., 1930—Final Dividend $1.28 in cash. Unclaimed funds are now held by the Court of Chancery, Wilmington, Del. The final payment was $1.28 per share.

PEOPLES COLLATERAL PLEDGE SOCIETY (Del.) Receiver Samuel J. Rosensohn, 8 West 40th St., N. Y. C. A liquidating dividend of 6c per share was paid on the preferred stock. Unclaimed funds of Delaware Receiverships are paid into the Chancery Court, Wilmington, Del.

PYRAMID BOND & MORTGAGE CORP. (Del.). Stock has a liquidating value. Unclaimed dividends are on deposit with the Chancery Court, Wilmington, Del.

UNION NATIONAL CORP. Incorporated in Del. Reinhardt & Reinhardt, attorneys, located at Equitable Bldg., Wilmington, Del., informed us that this receivership was terminated several years ago after due notice to all stockholders to file their certificates with a master, who was appointed for that purpose; and after the expiration of the time set for filing, distribution was made on the basis of those certificates which had been filed. Reinhardt & Reinhardt informed us Oct. 20, 1930, that sometime in 1925 a 40% distributive dividend was paid on the preferred stock. In April, 1930, a final dividend of $2.80 per share was paid on the preferred stock. We believe that the time to make claim expired about the middle of 1930. As the estate received the 40% dividend the certificates evidently were filed and the claim was approved. After the expiration of the time set for filing, a final distribution was made on the basis of those certificates which had been filed. Apparently the $2.80 dividend was mailed to the holders that filed claim and was not stamped on the stock. We understand that unclaimed dividends due on the stock of this company were turned over to the Court of Chancery, Wilmington, Del., and will be paid upon presentation of the stock.

UNITED INVESTORS SECURITIES CORPORATION. George N. Davis, Receiver, located at Wilmington, Del., reported as follows on Feb. 11, 1932: "In accordance with the order of the Chancellor, dated Nov. 5, 1930, as modified by the further order of the Chancellor, dated Aug. 8, 1931, the Receiver distributed certificates and/or scrip of the Union Financial Corporation of America, being the first and final distribution in liquidation of the assets of the United Investors Securities Corporation in which dissolution proceeding the stockholders were requested to prove their claim as a stockholder. This distribution was made on the basis authorized by the Chancellor in said orders above referred to, the basis therefor being set forth in said order of Aug. 8, 1931, as follows: That the Receiver shall first pay in full the claims of all preferred stockholders to wit, the sum of $50 a share and accrued dividends from June 1, 1928 to Sept. 10, 1930; That the Receiver shall then distribute to the holders of Class A and Class B common stock of the corporation, taken together as one class, ¼ of a share of the Class A stock of Union Financial Corporation of America, for each share of the common stock of United Investors and 1/6 of a share of Class B stock of Union Financial Corp. of America, for each share of the common stock of United Investors."

UNITED STATES GUARDIAN CORP. Incorporated in Del. on April 26, 1920, and is no longer in existence, having dissolved Feb. 27, 1928. The last Annual Report filed for the year 1927 shows their place of business at 19 W. 44th St., New York City. The resident agent for the corporation was Delaware Charter Guarantee & Trust Co., 900 Market St., Wilmington, Del. Pres., Walter R. Cook, 65 Whittlesey Ave., East Orange, N. J.; V.-Pres., Geo. O. Knapp, 617 Ridgewood Rd., Maplewood, N. J.; Secy., John M. Marks, 75 N. Broadway, Yonkers, N. Y.; Treas., Ignatius F. Tenca, Bay Shore, N. Y.; Directors, Jesse T. Meeker, 10 W. 44th St., New York City; Joseph Sandler, 1440 Broadway, New York City; Hiram C. Bennet, 56 Clinton Ave., Jersey City, N. J.; Henry A. Dixon, Haverstraw, N. Y. Mr. Cook of 67 Whittlesey Ave., East Orange, N. J., son of Walter R. Cook, formerly President of the company, informed us on Aug. 23, 1939, that the company was liquidated about ten years ago, at which time about $40,000 was available for distribution to the stockholders. It is his recollection that all unclaimed liquidating dividends were deposited in the Chancery Court at Wilmington, Del., where said funds may be claimed by registered holders.

Chicago Artificial Ice Corp.	6

Chicago, Aurora & Elgin Corporation. The company, located at 72 West Adams Street, Chicago, Illinois, informed us as follows on October 22, 1941: This will acknowledge receipt of your inquiry of October 11th and in which letter you state that a client of yours holds some "V. T. C. for stock of your company dated September 26, 1932." We do not understand how that statement can be correct as we know of no voting trust certificates which would normally bear that date. According to our understanding there existed at one time the so-called Girard Voting Trust Agreement of July 27, 1922 which by its terms we understand expired in 1925. According to the stockholders list some of the voting trust certificates issued under that agreement apparently have never been exchanged for stock of the Chicago, Aurora and Elgin Corporation. Whether an exchange may be effected at the present time through the Girard Trust Company of Philadelphia we do not know as the present management had nothing whatever to do with the formation of that voting trust agreement. There was also another voting trust agreement dated July 29, 1922, under which the Wilmington Trust Company of Wilmington, Delaware, acted as trustee and which agreement was terminated in March of 1926, and all certificates surrendered for stock of the corporation.

The Chicago, Aurora and Elgin Corporation owns all of the common stock of the Chicago, Aurora and Elgin Railroad Company and also a few shares of the prior lien stock of said railroad. The railroad company has been in receivership in the United States District Court for the Northern District of Illinois, Eastern Division, since 1932, and we know of no market quotations for either stock of the railroad company or of the stock of the corporation.

Chicago & Northwestern Railway Company. Press Report dated Feb. 9, 1942.

Chicago, Feb. 9 (AP)—Reorganization of the Chicago & North Western Railway Company, under a plan wiping out the original $180,000,000 equity of common and preferred stockholders, was approved today by the Federal Circuit Court of Appeals.

In a unanimous opinion the court sustained the the ruling last June of Federal Judge John P. Barnes and held that the plan was "fair to creditors, stockholders and the public."

Elimination of the equity was one of the principal objections cited in the appeal by equity interests and stockholders committees.

The Court of Appeals said that numerous plans for reorganization of the company under Section 77 of the amended Bankruptcy Act had been submitted, but "none meet with as much satisfaction as the one before us." The court pointed out that two-thirds of the security holders had voted for it.

Under the plan, capitalization is reduced from $547,567,847 to $449,974,309 and fixed interest charges are reduced from $16,549,740 as of 1938 to $3,382,079. Bondholders would receive fixed interest bearing securities equal to only part of their present holdings and most bondholders would receive contingent interest bonds and new preferred or common stocks in exchange for their securities.

Chosen Corporation, Limited. Press report, New York Times, April 22, 1941. Looting of big British concern laid to international financier. Serge Rubinstein, his associates and 25 companies named in suit here charging loss of $5,900,000 by Chosen Corporation.

By Burton Crane

Financial legerdemain that has cost the Chosen Corporation, Ltd., more than $5,900,000 is alleged in a suit filed yesterday in the State Supreme Court against Serge Rubinstein, colorful international financier, his associates and twenty-five companies that he controls or controlled.

Chosen Corporation is a British concern that once owned gold-mining subsidiaries in Korea. According to the complaint, the properties of these subsidiaries have been sold and most of the proceeds and other assets have disappeared. The suit asks recovery of this money, a receivership and an accounting for the benefit of Chosen Corporation shareholders.

Revealed in the complaint, which was filed by Harry T. Zucker of the New York and London law firm of Hollander & Bernheimer on behalf of Francis E. Banbury and Francis A. Kelly, stockholders of Chosen Corporation, is a drama of lightfingered magic that played on the stages of France, England, Korea, Japan, Manchuria and the United States and that is now reportedly moving into the Latin-American scene.

Methods Charged in Suit

The Rubinstein method, the complaint declared, has been to get control of a company, force it to exchange its assets for shares of a worthless dummy corporation and then dissolve the latter, eliminating evidence of the fraud. This technique, the complaint alleges, has all but stymied the investigation by the British Board of Trade, begun at Mr. Banbury's instigation almost three years ago.

Serge Rubinstein, according to the complaint, which describes him as claiming Portuguese citizenship although he entered this country under the Russian quota, is also known as Serge Manuel Rubinstein de Rovello and by various contractions of that name.

Named in the complaint with him are the Chosen Corporation, Ltd., and its two remaining Korean subsidiaries, the Nurupi Kozan Kabushiki Kaisha and the Kapam Kozan K. K.; four French banks that he controlled, the Banque des Fils d'Henry duPont, Banque Franco-Asiatique, Banque Franco-Mandchoue and Societe Financiere Internationale, and a string of corporations formed, according to the complaint, to further the looting of Chosen. These are listed as Stock and Share Realization Corporation, American Overseas Mining Investment Corporation, Pan Pacific Company, Inc., and Midway Victory Oil Corporation of Delaware, all Delaware corporations; Franco Asiatic Holding Company, Ltd., Entesee Trust, Ltd., Far Eastern Holdings, Ltd., and Commercial Amalgamations Trust, Ltd., all British corporations; Mountbreak Corporation, British-American Equities, Inc., Bid-City Properties, Inc., Carolin Properties, Inc., Jackson Heights Properties, Inc., and Norfolk Equities, Inc., all New York corporations; Techeland Oil Corporation and Midway Victory Oil Company, Inc., Texas corporations, and Chosen Union (Godo) of Mine, Ltd., a Korean (Japanese) corporation.

The Individuals Named

Most of the individuals named are described as dummies or "straw men" for Rubinstein. These are Baron Joseph de Gotch, Gustave Fort, Andre Rubinstein, brother of Serge; Paul Klopstock, New York promoter who once headed the Austin Silver Mining Company; Alfred Massenet, nephew of the composer, who acted as mining engineer for the Korean subsidiaries after Rubinstein assumed control; the Duc de la Chatre, Victor de Reinbott, Jean Paul Guilbert, Prince Eugene Gagarine, Hubert K. Sachsel, Frederick T. Gade, Daniel Katz, Konrad Sztykgold, who gained a brief notoriety in early 1939 because of his spectacular feat of smuggling 3,000,000 yen out of

Japan; Robert I. Wyner, Berthe Donteelaere Ragain, Gerald W. B. Portman and Rose Brown.

Reinald Louis Cooper and William B. Calder are named because they are employees of Chosen Corporation. Marcel Flury-Herard Camille Bouard, Norman G. Thwaites and Frederick Miller are directors of Chosen Corporation. Martin Coles Harman, predecessor of Rubinstein as managing director of Chosen Corporation, and his brother, Sargent Terry Harman, are the other defendants.

The story of Serge Rubinstein and the Chosen Corporation commence where that of Harman, "the King of Lundy Island," ended in 1933. That colorful London stock promoter, it may be recalled, bought little Lundy Island and asserted that its ancient charter made him a feudal lord with the right to coin his own currency. When the first "Harman pennies," bearing the profile of the promoter, appeared the British Government stepped in. It stepped in again a couple of years later on complaints that Harman had been looting the Chosen Corporation. Harmon went to jail.

Trouble Revealed at Harman Trial

That trial revealed that several of Harman's companies had been in trouble in 1932. To rescue them, he had them buy Chosen Corporation shares in the open market and then ordered Chosen's three Korean subsdsidiaries, Nurupi, Kapam and Tong Chang to buy the parent company's shares from them at much higher prices.

When he was indicted, according to the Banbury-Kelly complaint, Harman turned control of the company over to Rubinstein, who clinched that control in 1934 by having the company issue and sell to him 150,000 partly paid £1 par value shares with full voting right.

Because of the Harman manipulations, the three Korean subsidiaries owned 173,029 fully paid Chosen shares, worth then about $776,000. According to the complaint, Rubinstein set out to get hold of them, which he accomplished by "sales" in which no money was paid.

The subsidiaries exchanged their valuable Chosen Corporation shares for the shares of two companies that had no assets, it is charged. When Stock and Share was liquidated in 1937 no sums were paid to Chosen or its subsidiaries and there never has been an accounting, the complaint says.

However, Chosen had three valuable operating mining subsidiaries in Korea and, according to the complaint the next Rubinstein move concerned these assets.

In 1935 Nurupi, the biggest of the subsidiaries and one of the best gold mining properties in the Far East, absorbed Tong Chang. At about the same time, according to the complaint, Rubinstein negotiated various stock sales that enriched only himself or his dummy companies.

Meanwhile an actual Japanese company, the Nippon Kogyo K. K. of Japan Mining Company, Ltd., was trying to buy Nurupi and Kapam, and in May, 1937, the deal went through for 13,000,000 yen, of which 6,000,000 yen, or £350,000 was to be paid in sterling. After taxes and payments to minority stockholders, 10,919,688 yen was the net.

Demands for Liquidation

In spite of demands by Mr. Banbury for liquidation of what was left of Chosen Corporation and a distribution of some of this money, the cash was switched into British-American Equities, Inc., a Chosen Corporation subsidiary that Rubinstein operates at 63 Wall St., the complaint says.

Meanwhile, 3,000,000 yen in yen balances remained in Japan, plus a draft for 1,192,647 yen on the Hongkong and Shanghai Banking Corporation, paid by Nippon Kogyo for Kapam. When Konrad Sztykgold smuggled out the 3,000,000 yen in 100-yen notes, the Japanese Government impounded the draft.

According to the complaint, Rubinstein's subsequent operations followed the pattern of the earlier ones. He had Chosen Corporation lend British-American Equities the £305,000, or $1,323,166, plus the impounded draft, and then erected a string of new corporations, Jackson Heights Properties, Carolin Properties, Mid-City Properties, Midway Victory Oil Company of Texas, Midway Victory Oil Corporation of Delaware, Techeland Oil Corporation, Norfolk Equities, Inc., and Pan Pacific Company, Inc. Some have been buying

and operating New York real estate, some have been developing oil royalties and some have been playing the commercial bill market and dabbling in BMT and Postal Telegraph deals. Assets have been switched about from one to another, according to the old Rubinstein pattern, it is charged. The suit brought by Messrs. Banbury and Kelly hopes for an accounting, to discover how much is left of the assets of Chosen Corporation in this country and what form they are in.

Liabilities as Listed

Theoretically, Rubinstein is liable for $727,000, the unpaid balance of the subscription price on the 150,000 partly paid shares that Chosen Corporation delivered to him in 1934 on his theoretical payment of £45,000. According to the complaint, even that money was not really paid, being arranged by a book entry through the Banque Franco-Asiatique. Taking advantage of his control, the complaint says, Rubinstein has obtained the agreement of Chosen Corporation not to call in the capital he has pledged until 1945 and, taking advantage of loopholes in the British Companies Act, he has attempted to shift liability for paying up the stock to a dummy corporation that now has no assets.

Rubinstein is represented by Goldwater & Flynn, Paul Klopstock, Konrad Sztykgold and Robert I. Wyner by Frank L. Miller and Daniel Katz; Rose Brown and the Mountbreak Corporation by Barron, Rise & Rockmore, the law firm of which Mr. Katz is a member. Goldwater & Flynn also represent British-American Equities, Inc., and its subsidiaries.

For more than three years Rubinstein has been living in the city and has attracted the attention of the gossip columinists by his frequent appearances in "cafe society" and his lavish parties. He was elected recently to the board and to the executive committee of the American Foreign Investing Corporation, an investment trust.

Cincinnati & Lake Erie Railroad Company (Ohio). The Receiver, Thomas Conway, Jr., located at Fidelity-Philadelphia Bldg., Philadelphia, Pa., informed us as follows on Aug. 13, 1940: In answer to your letter of Aug. 6, I beg to advise you that the United States District Court for the Southern District of Ohio on June 14 last promulgated findings of fact and conclusions of law and entered a decree approving the Plan of Reorganization for Cincinnati & Lake Erie Railroad Company, filed April 27, 1940, and directed the Receivers to institute such proceedings as they deemed necessary or desirable before the Ohio Public Utilities Commission and the Interstate Commerce Commission, respectively, for approval of said Plan of Reorganization or such portion thereof as may be within the jurisdiction of such Commissions. The Court found the Plan of Reorganization in all respects fair, equitable and feasible. The 17th Finding of Fact reads as follows: "The assets of Cincinnati & Lake Erie Railroad Company and of its receivership estate are not sufficient to discharge in full the claims of creditors entitled to participate under the Plan of Reorganization, in accordance with the priorities determined by the Court in its Decree Marshalling Liens entered herein and made final May 16, 1939, and there are no assets available for the payment of any claims of creditors or stockholders other than the claims entitled to participate under the Plan of Reorganization." The 7th paragraph of said Decree reads as follows: "All parties to this cause, and all creditors and stockholders of and claimants against the assets of Cincinnati & Lake Erie Railroad Company, and of its receivership estate, are hereby permanently enjoined against attempting to enforce any right, lien or charge arising out of the ownership of any such claim or security against Cincinnati & Lake Erie Railroad Company, or its receivership estate, or against the merged bus company to be formed pursuant to the Plan of Reorganization, or against Lima City Lines, Inc., Hamilton City Lines, Inc., or the company to be formed to operate the Dayton-Moraine Street and Suburban Electric Railway Line, the successors or assigns of each of the said corporations, except, such rights as may exist under this Decree." The practical effect of the aforesaid provisions of the Findings of Fact and of the Decree is to make the stock of Cincinnati & Lake Erie Railroad Company valueless.

Cincinnati & Lake Erie Railroad Company. Official notice from the Philadelphia Inquirer: To the Holders of Stock, Adjustment Income Bonds and Prior Debenture Bonds of Cincinnati, Hamilton & Dayton Corporation: Cincinnati, Hamilton & Dayton Corporation is the owner of all the common stock and of substantial portions of the preferred stock of Cincinnati & Lake Erie Railroad Company, now in receivership in the United District Court for the Southern District of Ohio, Western Division. Notice is hereby given that a Plan of Reorganization of said Cincinnati & Lake Erie Railroad Company has been filed in said Court by creditors of said Railroad Company and that a hearing before said Court with respect to said Plan has been fixed for June 4, 1940, at 10 o'clock A. M., at which hearing all creditors and stockholders of said Railroad Company may appear and be heard. Said Plan of Reorganization makes no provision for the holders of any stock of said Railroad Company, Cincinnati, Hamilton & Dayton Corporation does not, however, plan to be represented at said hearing or to take any action designed to secure a participation for the Railroad Company's shareholders in said reorganization since it has been advised that all of the stock of the Railroad Company, both common and preferred, is valueless. Circuit Court of Jasper County, Carthage, Mo. Our records indicate the following, although not confirmed by the Court:

CONNECTICUT ZINC CORPORATION. The First 7% Bonds due 1939 have a decree value of $9.70 per $1,000 bond. The money was paid by the Circuit Court of Jasper Co., Carthage, Mo., according to the Bankers Trust Co., New York City.

Circuit Court, La Porte, Ind. (Clerk of). The New York Trust Company, New York City, informed us as follows in Feb., 1942:

ADVANCE-RUMLEY CORP. A final liquidating distribution of $2.78 was declared today on the common stock of the Advance-Rumley Corp., once a prominent Midwestern manufacturer of farm machinery whose dissolution was decided in Oct., 1935. The payment is payable through the Clerk of the Circuit Court, La Porte, Ind., upon surrender of certifi-

cates of stock for cancellation. Advance-Rumley Corp. and predecessors manufactured farm machinery since Civil War days in La Porte, Ind. After a period of lean years, its fate really was determined in 1931 when the Allis-Chalmers Manufacturing Co. bought nearly all the assets except certain real estate, stock and the plant at Battle Creek, Mich. The final liquidating payment was forecast in the 1937 annual report and is made possible by the conversion of remaining Advance-Rumley Corp. assets into cash. At the end of 1935 a liquidating dividend of $1.00 in cash and one-half share of Allis-Chalmers stock was paid.

(All securities and cash held by the New York Trust Co. as distributing agent, were turned over to the Company in Oct., 1938, for deposit in the above Court.) Also, see Bankers Trust Co., N. Y. C.

City Trucking Corporation	7
City Trust Co.	6

City Trust Company, New York City. This bank was closed in 1929. A group of New York banks in a pool, paid the depositors in full, and took over the assets. The assets were then sold to one bank to liquidate, and that liquidation is still going on. The stockholders were not assessed and the shares are without value. This may be confirmed by Simon H. Kugel, 30 Broad St., New York City.

Clifton Coal Company. Incorporated under the laws of the State of Iowa according to the stock certificate issued by the company. However, the record of the Secretary of State of Iowa contains no record of a corporation under this name. These small coal companies operated truck mines and their chances of success are very limited. We found no value to the stock and therefore believe the shares are without value.

Commercial National Bank of Columbus, Ohio. Consolidated on November 30, 1929 with The City-National Bank of Commerce of Columbus under title of The City National Bank & Trust Company of Columbus.

Commercial National Bank of Pennsylvania (Phila.) This bank was placed in voluntary liquidation on May 31, 1898, and the liquidation apparently was handled by the Fourth Street National Bank of Philadelphia, as we have a letter from them dated December 15, 1911 stating that $46.38 per share was the total amount paid in liquidation up to that time. The bank did state that the remaining assets amounted to about 25c per share. The Fourth Street National Bank subsequently merged into the Philadelphia National Bank. The latter bank informed us on January 19, 1942, that $46.38 was all that was paid on the stock. When the remaining assets were liquidated, the funds were distributed to lawyers and others for expenses leaving no further funds to distribute to the stockholders. As your stock is stamped evidencing receipt of liquidating payments aggregating $46.38 per share, and there are no further funds available, we submit the shares as worthless.

Commercial Tobacco Company. Press report dated Oct. 15, 1941:

Plea of Guilt Ends Stock Fraud Trial.—Head of Tobacco Concern and Others Fined Total of $8,400. Ery Kehaya, president of Standard Commercial Tobacco Company, ended his trial in Federal court yesterday by pleading guilty to the fraud charges on which a jury had been hearing evidence since Sept. 28. He and his co-defendants, who also pleaded guilty, received fines totaling $8,400, but no prison sentences were imposed. The frauds attributed to the group were said to have cost the investing public at least $1,000,000.

The Standard Commercial Company, whose stock figured in the admitted violations of the mail fraud, securities and exchange and conspiracy statutes, is in reorganization under the Federal bankruptcy laws. Named a defendant when the indictment was handed up on Jan. 3, 1940, it was severed from the charges when the trial began.

Besides Kehaya those who pleaded guilty were Harry D. Meyer, his assistant; Harry J. Rothman, former securities broker, and Standard Commercial Export and Finance Corporation, described as Kehaya's personal holding corporation. Another defendant, Louis C. George, former president of a Wisconsin brokerage concern, now defunct, had pleaded guilty previously.

Judge Vincent L. Leibell assessed fines of $300 on each of the twelve counts of the indictment against Kehaya, another $100 on each count against his company, $100 a count against Meyer and $200 a count against Rothman.

Community Trading Corporation. Value of Capital Stock. Incorporated in Delaware on November 22, 1927, and is located at 25 Broad St., New York City, in care of Edward Wellington, Treas. The Treas. informed me on Jan. 22, 1941, that the assets of the company have practically no value. The Treas. again informed me on Feb. 8, 1941, that the corporation owns all of the stock of a real estate company that owns about 40 unimproved lots in Yonkers. There are tax liens of $25,000 on the lots. Although the assessed value of the property is high, the company has been unable to get a bid of $500 per lot. At this rate the tax liens are worth more than the property. The corporation has no funds to meet the taxes and if the liens are foreclosed the company will be unable to protect the property. Therefore, it is my opinion that the shares had only a nominal value as of April 2, 1940, the date of the decedent's death.

Concord & Montreal Railroad Company. The Boston & Maine Railroad Company, located at Boston, Mass., informed us as follows on April 8, 1940: "This will acknowledge receipt of your inquiry of April 5, 1940, concerning Concord & Montreal Railroad stock. Holders of the Concord & Montreal stock, upon surrender of the certificates duly endorsed in blank, at this office, will receive certificate for like number of shares of Boston and Maine Railroad First Preferred Stock, Class C, as provided in the Agreement for the Consolidation of this road with the Boston and Maine Railroad, dated Nov. 26, 1918, concluded Dec. 1, 1919, and retroactive to Jan. 1, 1919. They will also receive dividends held in reserve, which amount to $77 per share. The entire property belonging to the Concord & Montreal Railroad was conveyed to the Boston and Maine Railroad by deed of sale dated Dec. 1, 1919. The lease of this road was cancelled, and all of its obligations were assumed by the Boston and Maine Railroad. This road has no assets, and its stockholders cannot therefore secure any income on the old stock. No transfer of its stock can be made, and the only means by which anything can be realized on it is by endorsing the stock certificates and exchanging them for Boston and Maine Railroad stock in accordance with the provisions of the consolidation agreement referred to. There are only three shares of Concord & Montreal Railroad stock outstanding, and I am led to wonder if this is some of the stock about which you have written." The First Mortgage 4% Bonds, due June 1, 1920, have all been paid.

Congress Cigar Company. Dissolution of Congress Cigar Co. was approved at a special meeting of stockholders today with no dissenting votes. The Porto Rican-American Tobacco Co.'s holdings of 240,000 shares were voted for dissolution. After the meeting it was stated that a substantial distribution to Congress Cigar stockholders would be made within four weeks. This distribution, it was said, would probably be about $6.77 a share in notes of Consolidated Cigar Corp., or $6.09 if the stockholder elected to take cash. This would permit an almost simultaneous distribution of $540 of Consolidated Notes or $486 of cash to Porto Rican-American Tobacco bondholders. (8/9/1940.)

The Continental Bank & Trust Company of New York City, Trustee for the above bond issue, informed me on Dec. 15, 1939, that the decedent collected the distribution of $47 on Dec. 15, 1937. Continental Shares, Inc. The New York Times of Sept. 30, 1939, carried the following notice: "Cleveland, Sept. 29—A State Court overruled today a motion to revive the charter of Cyrus S. Eaton's defunct investment trust, Continental Shares, Inc., and ordered the release of assets impounded since May, 1933, to a liquidating concern in Baltimore. By the order, approximately $3,500,000 will be transferred to the Liquidator and $3,000,000 will be distributed to stockholders of the old corporation. Judge Lee Skeel said that under the liquidation plan 381,000 preferred stockholders would receive 1 share of stock in the liquidating company to each share held in the old concern. Holders of about 2,500,000 shares of common stock would receive 1 share of new stock for 200 old shares. The committee for the preferred stockholders reported on Feb. 11, 1939, that the court at Baltimore found no material equity for the common stockholders, and that a plan would be formulated to liquidate the assets of the corporation."

Coral Gables, Inc. Series "A" 7% Bonds, due 1931-32. The following was reported on Jan. 6, 1941, by L. H. Coombes, Trustee, Box 4633, Coral Gables, Fla.: "These bonds are secured by a mortgage covering a number of Coral Gables building lots, but as the market for such lots is highly competitive the liquidation is slow, and at the same time the carrying charges, in the form of taxes, are high. Although these bonds have all matured there has been no reduction in principal, and they are in default as to interest for over 8 years. Most of these bonds are held by the original subscribers, and although there have been one or two sales in the past, there is, so far as I know, no market for them at the present time."

Coral Gables, Inc. L. H. Coombes, Trustee, located at Box 4633, Coral Gables, Fla., informed us as follows on Feb. 27, 1942: "I have your inquiry of Feb. 22, 1942, concerning the Debenture Stock of Coral Gables, Inc.

The property has not been sold in its entirety, but is being liquidated piecemeal, and in our highly competitive market it is impossible to move it quickly. However, even if it could be sold at once, the most that could be realized would be substantially less than the amount of the Series A Bonds and accrued interest. Therefore, the Series B bonds and accrued interest, which rank ahead of the Debenture Stock, are without value and it follows as a matter of course that the Debenture Stock likewise is without value."

Creditors Holding Company. This company is being liquidated by Oscar W. Swift of Watson, Kristella & Swift, 68 William St., New York City. Mr. Swift informed us on May 6, 1937, that he has paid stockholders about 31% in liquidation, and the only remaining asset consists of a lead mine in Canada. The company is paying taxes on the mine, which is in charge of a caretaker. When the company sells the mine the stockholders may receive a final dividend equal to about one-half of 1%.

Dayton Breweries Company. Our records indicate that this company went into liquidation about 1921. At that time there were $989,000 of First Mortgage Bonds outstanding—Union Trust Company, Cleveland, Ohio, Trustee. We do not believe that these bonds were paid in full, leaving no equity for the stock. In 1926 our company reported the stock as worthless. The Union Trust Company, in liquidation, informed us on March 10, 1942, that no successor Trustee was appointed—the company is defunct, and the trust has been terminated.

Dayton & Xenia Transit Company (Ohio). The Dayton-Xenia Railway Company, located at Dayton, Ohio, informed us as follows on Aug. 9, 1940: Your letter of Aug. 6, addressed to The Dayton & Xenia Transit Company, Dayton, Ohio, has been delivered to us. In your letter you refer to one of your clients holding 25 shares preferred and 25 shares common stock of The Dayton & Xenia Transit Company and 92 shares of stock and $1,000 First Mortgage 5% Bond of The Dayton, Springfield and Xenia Southern Railway Company and that he wishes to sell and you would like to know what he could obtain for these securities. The Dayton & Xenia Transit Company was the predecessor to the Dayton, Springfield and Xenia Southern Railway Company and went through foreclosure a number of years ago, and the Dayton, Springfield and Xenia Southern Railway Company went through receivership in 1923 and was succeeded in 1925 by The Dayton-Xenia Railway Company. All of the stocks and bonds of the two companies referred to were cleaned up and I believe the bondholders of the Dayton, Springfield and Xenia Southern Railway received a small amount on each bond, but to my knowledge all of the bonds were presented and settled by the Master Commissioner who was appointed by the United States Court, to sell the road. I can understand how your client might have some of the stock but do not understand how anyone still holds any of the bonds of the Dayton, Springfield and Xenia Southern Railway, since they were all supposed to have been deposited with the Master Commissioner.

Deep Pay Oil and Gas Company. Incorporated in the District of Columbia in 1940 and was located at Chicago, Ill. We searched our oil and gas books back to 1904 and found no record of this company. It is our opinion that the company failed to strike oil and, therefore, was not listed in the "Petroleum Register." We believe the company is out of existence and its shares worthless.

Depollier Watch Company. Incorporated in New York and was located at 316 Herkimer St., Brooklyn, N. Y. This company, apparently, is an outgrowth of J. Depollier & Sons, who were engaged in the novelty business at the above address in 1922. We searched our stock records back to 1922 and found no market for the stock at any price. Mr. Francis C. Depollier, former owner of the Depollier Watch Company, now located at 108 E. 56th St., Brooklyn, N. Y., informed us on Sept. 17, 1940, that the son took over the business when the father died. The son failed, and lost his home with it. The shares are absolutely worthless.

Detroit Aircraft Corporation. Incorporated in Mich. on Nov. 23, 1933, and according to the 1940 annual report, the following are the officers: Wm. B. Mayo, 2272 National Bank Bldg., Detroit, Mich.; John Getz, 700 Seward Ave., Detroit, Mich.; Chas. Berkmeyer, 10 Ferris, Highland Park, Mich.

Detroit Aircraft Corporation. The balance sheet for the year ending Dec. 31, 1939, shows total assets of $150,690.50, of which $112,100.39 represents notes receivable from Processed Materials Corporation and accrued interest. After looking at the balance sheet of the latter company for the same period it is our opinion that the notes of that company have no value whatsoever. As far as the stock of the Detroit Aircraft Corporation is concerned, it has only a problematical value.

Dexter Helium Company of America. Value of Trustee Certificate for 2,000 shares of capital stock, dated at Jackson City, Mo., on July 3, 1922. This corporation was reported incorporated at Jackson City, Mo., on July 3, 1922. The Secretary of State of Missouri, located at Jefferson City, Mo., informed me on Mar. 21, 1940, that they found no record of this corporation either as a corporation or fictitious name registration. I found no record of the company's operations nor any value to the stock at any time near the date of death. The stock was last offered at 4c per share in 1926 with no bids. It is my opinion that the company is out of existence and the shares were worthless as of June 9, 1939, the date of the decedent's death.

Discount Corporation of New York. Press report dated Oct. 30, 1940. Stockholders of the Discount Corporation of New York ratified yesterday at a special meeting the management's plan calling for a reduction of $6,000,000 in the corporation's capital funds by means of a distribution to stockholders of $120 a share. This figure was the original price of each share in 1919, when the corporation was formed. The corporation, which was formed by Wall Street banking interests to buy and sell bankers' acceptances and related banking "paper" and to deal in United States Government securities, now finds that the acceptance market has dwindled to such an extent that the corporation's present capital funds are too large for the present business. Of the 50,000 shares of stock of the corporation outstanding, 46,735 were represented at the meeting. The vote was 46,600 in favor of the plan and 135 shares were voted against. The plan, which was presented to stockholders several weeks ago, calls for a reduction in the par value of each share from $100 to $40, thus cutting the capital from $5,000,000 to $2,000,000. The $3,000,000 is then transferred to surplus, increasing that item to $8,000,000 from $5,000,000, from which is deducted the $6,000,000 to be distributed to stockholders. In addition, the corporation has undivided profits of approximately $1,500,000. Eight Wall Street banks hold 40,700 of the 50,000 shares. These institutions are the International Banking Corporation, an affiliate of the National City Bank; the American Express Company, affiliate of the Chase National Bank; the Bankers Trust Company, Central Hanover Bank and Trust Company, Guaranty Trust Company, J. P. Morgan & Co., Inc., Corn Exchange Bank Trust Company and the New York Trust Company. Officers of the Chemical Bank and Trust Company are also stockholders, and the balance of the stock is owned in small lots by various investors. Stockholders also approved a proposal to grant extra compensation annually to employees without annual ratification by stockholders, as has been the practice in the past.

Dixie Land & Investment Co. (1890). Incorporated in Georgia. The Superior Court of Chatham Co., Savannah, Ga., informed us on Nov. 18, 1941, that this company has been out of business for many years. We found no value to the stock.

Dixie Land Mortgage and Investment Corporation. Incorporated in Florida and was dissolved on Nov. 23, 1936. Its directors were: N. R. S. Yewdall, A. H. Sickler, Godfrey Shmidheiser, and J. S. Blain, all of Miami, Fla. No report of officers was ever filed. We found no value to the stock.

Dixie Land Mortgage & Investment Corporation. Supplementing our previous report, J. S. Blain, a former director of the company, located at 600 Ingraham Bldg., Miami, Fla., in care of the Sewell Realty, Inc., informed us as follows on Nov. 6, 1940: "* * * This corporation was dissolved many years ago. They owned a large tract of land which had a mortgage which was foreclosed. The State of Florida passed a law some years ago dissolving all corporations who did not pay their state taxes. I am sorry that this is the only report that I can send you in respect to your inquiry." In view of the above we assume that the shares are without value.

Electric Outlet Co. of New York. Incorporated in New York and lost its charter in 1935. The last known address was 12 East 41st St., New York City. E. Cantelo White, former Pres. of the company, now associated with the Ansonia Clock Company, located at 9 East 46th St., New York City, informed us on June 20, 1940, that this company has been defunct for many years. There are a number of patents standing in the name of the company, but none of them are in use so far as Mr. White knows. He sees no basis for placing any value on the stock. In view of the above we do not believe the shares have any value.

Elkhart Paper Company Bonds. We are advised that all of the property has been sold. All known bondholders had been advised to file their claims. While it may be too late, we would suggest that you forward your bonds to Mason & Sharpe, 1102 Bank of Kalamazoo Building, Kalamazoo, Mich., who were attorneys for the Trustee, and they may make a special effort to secure their allowance as claims (1930).

Elmore Oil Corporation. The company, located at Stevens-Harle Bldg., Durant, Okla., informed us as follows on June 7, 1941:

"Replying to your letter of May 9th, in regard to Mrs. A. B. Fichter stock in this Company: I find she was issued Certificate No. 1516 for one share of stock, amount $5.00, and that on Mar. 7th, 1941, she was sent a dividend check on this stock amounting to 2%.

Our Company, of course, is still in the development stage and is still selling stock to carry on additional development that we deem advisable; therefore, since we are selling stock at par value, I don't anticipate that you would expect any more than that for this stock, and while we usually charge a dollar for a share transferred, under the circumstances, I believe that 25 cents plus the war tax which would be 5 cents, would be fair, and it would also be necessary to have the Certificate signed in the space provided by the Administrator of the Estate.

If this would seem fair to you and I can be of any further assistance to you, I will attempt to resell it to someone else for you."

Ely Gold & Manganese Company. Mr. Vilas F. Adams, treasurer of the company, located at Boggs Bldg., Las Vegas, Nev., informed us as follows: "Mr. Chase is president of three mining companies, Ely Gold & Manganese Company, Emerald Isle Copper Company, and the Davenport Mining & Reduction Company. The Moro Bay Copper Company, mentioned in your letter, has long ago ceased to be active, and when Mr. Chase organized the Ely Gold & Manganese Company, in the fall of 1939, he gave to all of the old Moro Bay stockholders the same number of shares in Ely Gold that each held in the old Moro Bay. This was an outright gift on the part of Mr. Chase and these shares so distributed were out of his own personal holdings. At that time he had to give trust certificates because his own stock was in escrow, but on May 1st, 1941, his stock was released from escrow and we have been replacing the trust certificates by regular negotiable stock certificates. Mr. Chase has just furnished all of the stockholders of these three companies up-to-date progress reports and we are pleased to enclose a copy of each for your information. There is no more stock for sale in any one of these companies. It can readily be assumed that the value of the stock is at least equal to par at this time. Ely Gold has already paid one small dividend, we are attempting to obtain a Government loan for an enlargement of our Emerald Isle operation, and the Davenport Company has been in production since early in November and is now loading its tenth car of concentrates. Naturally, until such time as firm and regular dividends have been established, these shares will not take on a regular value in the market."

Empire Corporation, Room 600, 200 West Ninth Street, Wilmington, Delaware. Mr. T. M. Hauer, for the company, informed us as follows on January 13, 1942:

"Empire corporation was dissolved in December, 1935, and a liquidating dividend paid to preferred stockholders in the amount of $1.63 per share. This dividend is payable to holders of Empire Corporation Cumulative Convertible Stock, $3.00 optional dividend series, upon the surrender of certificates representing such shares properly endorsed. There are a number of shares of this stock which have not been turned in, and we are naturally anxious that your statement with respect to Empire Corporation and its preferred stock be accurate. C/D of the Continental Bank & Trust Company, New York City, should be presented to that bank to obtain the Cum. Conv. Preferred stock $3. Optional Dividend Series, and present same to the company for collection. The same applies to the C/D's of the Union Trust Company of Maryland, Baltimore, Md."

Empire Corporation. This corporation is controlled by the Commonwealth Gas Company and is in existence with an office at 1600 Arch St., Phila., Pa.

Most of the company's assets consist of securities of companies in receivers' hands. The future value of the stock is problematical, depending entirely upon the outcome of the various receiverships. An independent appraisal of the company's assets made recently would give the preferred stockholders an equity of about 50 cents per share.

There is no market for the stock but 10 cents per share might be obtained on the preferred at this time.

In view of the above, we do not believe the preferred shares would sell for more than 10 cents per share. The common shares in our opinion are worthless. (1934)

handling the liquidation of the stock and mortgage certificates of this company.

GUARDIAN TRUST COMPANY (N. Y.). Value of Cft. of Deposit No. 15 for 40 shares of stock. In 1913 the Guardian Trust Co. pledged its assets as security for the assumption by the Empire Trust Co. of the deposit liabilities and an amount sufficient to pay a distribution of $50 per share. The actual stockholders deposited their stock with the Empire Trust Co. and received a certificate of deposit representing stock of the Guardian Trust Co., together with a check for $50 per share for each share deposited. A year or two later the Liquidating Committee of Guardian Trust Company transferred the equity in the unliquidated assets to a business corporation known as Guardian Liquidation, Inc., whose stock was exchanged share for share for stock of Guardian Trust Co. which latter stock was cancelled. A few years thereafter the stockholders of Guardian Liquidation, Inc., were notified that the liquidation of the assets had been completed and had yielded an amount barely sufficient to pay the balance of indebtedness thereon. The stock was thereupon determined to be worthless, as no funds were available to defray the expenses of a formal dissolution of Guardian Liquidation, Inc.

Jones, former President of the above bank, now located at 115 Broadway, New York City, informed us on Dec. 6, 1938, that the Empire Trust Company of New York City, holds a cancelled check showing that Edith B. Whyte received the total liquidating dividends due on her 20 shares of stock of the above bank, and that the shares are now worthless. The final dividend amounted to 21c per share.

Eureka Oil & Gas Company. Incorporated under the laws of the State of Arizona, as a promotion of A. L. Wisner & Co. The company held rights to 12,000 acres in the Lima oil fields. On Aug. 30, 1919, Marvyn Scudder Company reported the shares as worthless. Officials of A. L. Wisner & Co., and the Standard Securities Company, promotors of the above company, were convicted in 1911 for using the mails to defraud stockholders of this company. In 1914 the officials were sentenced to Atlanta. The company has been out of existence for many years and the shares are absolutely worthless.

Eureka Smelting & Mining Co. Incorporated in Nevada in July, 1922, and changed its name to Eureka Smelting Co. on May 12, 1923. The office of the company was located at 37 Wall St., New York City, in care of Allan S. Locke. The property of the subject company was sold at foreclosure June 18, 1930, on account of the First Mortgage Bonds at 40c on the dollar, leaving a deficiency judgment against the company of approximately $600,000. There was a year to redeem which might stretch the loss to June, 1931. The only other assets not covered by the mortgage were two lots of land in the town of Eureka and a vague claim to certain unpatented mining claims which lapsed because of non-payment of assessment. The two lots of land were attached for bills and I believe were sold under sheriff's sale. See Eureka Smelting Co.

Farmers Bank, Wilmington, Delaware. The following was reported to us in December, 1941.

AMERICAN COMMONWEALTH POWER CORP. Incorporated in Delaware on Jan. 18, 1927, as a holding company. On Dec. 31, 1931, the Chancery Court at Dover, Del., appointed receivers for the corporation. The receivers took possession as of Jan. 2, 1932. In June, 1934, the court approved the plan for distribution of the company's assets whereby they were transferred to a new company, Commonwealths Distribution, Inc. The creditors, including debenture holders, received 1 share of new stock for each $100 of claims. There was no provision made for the capital stock which is without value. Therefore, we submit the $6.50 1st Preferred Stock as worthless. Exchange was made by Delaware Trust Company, Wilmington, Del. The privilege to exchange debentures under the Plan of Reorganization was terminated by Court Order November 8, 1937. Stock reserved for undeposited debentures was sold at public auction and proceeds of sale ordered placed on deposit in Farmers Bank, Wilmington, Delaware. Upon surrender of debentures to Farmers Bank for cancellation, the following amounts will be paid per $1,000 par value:

6's—1952	$3.677
6's—1940	3.659
5½'s—1953	3.623

Farmers & Shippers Tobacco Warehouse Co. The Central Trust Co., Cincinnati, Ohio informed us on May 8, 1939, that the 2nd preferred and common stock have no value as the first preferred only received between July 15, 1924, and Nov. 12, 1928, $90.50 in liquidating dividends. The Farmer's and Shipper's Leaf Tobacco Warehouse Co. acted as Liquidating Trustee and the address was 1007 Provident Bank Bldg., Cincinnati, Ohio. The $3.50 dividend per $100 on Nov. 12, 1928, was definitely stated as the final dividend. Company owned stock of the Burley Tobacco Growers Co-operative Association.

Farmers State Bank, Bainville, Mont. This bank was closed on July 14, 1937. There was no statutory stockholders liability assessed against the stockholders of the bank, it being insured by the Federal Deposit Insurance Corporation. We were informed on Oct. 31, 1940, that the affairs of the bank have not been terminated. The depositors who filed claim have all been paid. The Federal Deposit Insurance Corporation has been repaid by the Bainville Trust 80% of their total claim and the assets still remaining in the trust exceeds the liabilities to be paid. However, due to the fact that the value of the assets remaining is problematical, it is impossible to state what will be repaid to the stockholders. It would appear from the above that the stock cannot be declared worthless at this time, and a loss may be taken on the stock only if it has been sold.

BIRMINGHAM, ENSLEY & BESSEMER RAILWAY COMPANY. We received the following letter from the First National Bank of Boston, Mass., signed by L. W. Parker, Transfer Department, and dated March 16th, 1938: "Replying to your letter of March 14, we hold as a successor to American Trust Company bonds and scrip representing First Mortgage 5% Thirty-Year Gold Notes of Birmingham-Tidewater Railway Company for delivery against the surrender of Birmingham, Ensley & Bessemer Railway Company Certificates of Deposit. The new bonds deliverable are at the rate of 50% of the amount of Birmingham, Ensley & Bessemer Railway Company First Mortgage 5% deposited under the Plan of Reorganization of September 15, 1915. There is also a cash payment representing interest July 1, 1916, and Jan. 1, 1917, at the rate of $5.00 for each $100 face amount of the Birmingham-Tidewater Railway Company bonds. It would appear that if your client holds a certificate of deposit in good standing that it should be surrendered to us in accordance with the information above given. As the securities held are in limited denominations it may be necessary that an effort be made to have the securities split, in which event it would appear necessary that Empire Trust Company, the Trustee of Birmingham-Tidewater Railway Company Bonds, be asked if this could be done. We are unable to report as to the present value of Birmingham-Tidewater Bonds. Information to hand indicates that these bonds were paid off and cancelled and it would appear that the Empire Trust Company, New York City, the original Trustee, may have handled the payment and could furnish you with information in this respect."
